The Physicians' Wall of Honor celebrates the many generous physicians within our community who support the mission, vision and goals of Broward Health. With an annual contribution of \$1,000 or more, the physician's name will be listed on the Physicians' Wall of Honor to recognize his or her commitment to the health of our community.

Physician Giving Campaign

Meeting the needs of our growing and diverse population is a complex challenge — one that requires collaboration and commitment.

At Broward Health we are fortunate to have a team of physicians who are as committed to the hospitals as they are to their patients. In recognition of this dedication, the Broward Health Foundation is embarking on its first-ever Physician Giving Campaign. We know you share our concern for the health of our community, and with your help we can expand and improve our facilities and the services we provide.
